

## NEW RYANAIR SUMMER ROUTES TAKE OFF FROM SALERNO

Ryanair, the number one airline in Europe and Italy, celebrated today (1 August) the start of operations at Salerno Costa d'Amalfi airport, welcoming the first passengers on the inaugural flight of Ryanair from Milan Bergamo to Salerno Costa d'Amalfi airport. This first flight marks a significant milestone for both Ryanair and the Region, as it kicks off Ryanair's new operations in the picturesque area of the Amalfi Coast.

In addition to the new route for Milan Bergamo, the entry of Ryanair at Salerno-Costa D'Amalfi airport starts two other fantastic routes: a new national route to Turin - from 2 August - and a new international route to London Stansted from 4 August. The three new Ryanair routes to/from Salerno will offer 16 flights per week, carry over 130,000 passengers per year and create more than 100 local jobs. Salerno's entry as the 32nd Italian airport in the Ryanair network highlights our constant commitment to the growth of connectivity, tourism and business in the Campania region.

**Jason McGuinness, Chief Commercial Officer di Ryanair, said:**

*"We are pleased to officially start our operations at the airport of Salerno-Costa D'Amalfi with our first flight from Milan Bergamo.*

*This summer, Ryanair will operate over 16 weekly flights in Salerno to three exciting routes to Milan Bergamo, Turin and London Stansted. With our low rates and network, we are excited to offer tourists and locals affordable options for accessing the Amalfi Coast and Campania region.*

*The significant growth of Salerno contrasts with the situation in Naples, where we were forced to reduce capacity due to the 30% increase in municipal tax. Ryanair asks the mayor Manfredi and other Italian regions to follow the example of Calabria and Friuli Venezia Giulia, abolishing the municipal surcharge at all Italian airports that will allow airlines such as Ryanair to grow even more in terms of traffic, tourism and employment.*

*To celebrate the launch of Ryanair arrival at Salerno-Costa D'Amalfi airport, Ryanair launched a 3 day promotion on 3 new routes with fares starting from € 19,99 for sale only on ryanair.com".*

**Roberto Barbieri, GESAC CEO, commented:**

*"The start of operations of Ryanair from Salerno-Costa d'Amalfi airport marks another significant step for the growth of the airport and the Campania airport system, managed by GESAC and it consolidate both the national segment, with Bergamo and Turin throughout the year, and the international, with the strengthening of routes with London.*

*The presence of a prestigious partner such as Ryanair not only enriches our flight offer but it also confirms the centrality of the Campania market and southern Italy in the network of an important player like the Irish company. This investment represents a great opportunity to strengthen tourism and boost the region's economy".*

**The complete Ryanair '24 Salerno summer flight is now available for booking at [www.ryanair.com](http://www.ryanair.com)**

Route	Date of start	Weekly Flights To / From Salerno
